PROFESSIONAL SUMMARY

Passionate Java Full Stack Developer with hands-on experience building scalable web applications using React.js, Spring Boot, and MySQL. Skilled in responsive frontend development, RESTful APIs, authentication systems, and backend integration through real-world projects and internship experience.

TECHNICAL SKILLS

Languages & Tools: Java, JavaScript, C++, HTML, CSS, MySQL, Git, GitHub, Figma, Docker

Frontend: React.js, Redux Toolkit, Bootstrap, Responsive Design, State Management, Form Validation

Backend: Spring Boot, Hibernate, Servlet, JSP, MVC Architecture, RESTful APIs, Redis

Other: Authentication & Authorization, Role-Based Access Control, Razorpay Integration, Cloudinary, Render

EXPERIENCE

Java Full Stack Developer Intern | Cybrom Technology Pvt. Ltd. (Dec 2025 – Jan 2026)

- Developed a scalable full-stack eCommerce platform with Admin and Seller panels.
- Implemented Add-to-Cart, Wishlist, Product Listings, Order Management, and secure authentication.
- Integrated Razorpay payment gateway for seamless checkout functionality.
- Designed REST APIs connecting React frontend with Spring Boot backend and MySQL database.

PROJECTS

Timeify – Watch Store – Built a modern eCommerce application using React.js and Redux Toolkit with cart management, product filtering, reusable components, and responsive UI.

Railway Ticket Booking App – Developed a railway reservation system with CRUD operations, form validation, and responsive booking workflows using HTML, CSS, and JavaScript.

Fullstack Ecommerce Platform – Developed a scalable React.js + Spring Boot eCommerce platform with authentication, wishlist management, role-based access, and order tracking.

EDUCATION

B.Tech in Computer Science Engineering

RGPV University, Bhopal | 2024 – 2028 (Currently in 4th Semester)

ADDITIONAL INFORMATION

- Strong interest in Full Stack Web Development and scalable application architecture.
- Familiar with Git-based development workflows and collaborative development.
- Actively building personal and academic projects using React.js and Spring Boot.
